

Ave, brave Potion Preparation Apprentice, we are delighted to welcome you at the **INSA** of our humble village of **TOLOSA**!

You are probably over excited to have crossed **GAUL** and finally arrived up here, after having faced the **CENTURION OF HIGH SCHOOL**. However, danger is around the corner, at any moment roman legionaries can come and assault us. BUT NO! **BREATHE!** 5 ins, 10 outs (magic potion to succeed in any CC). You have in your hands the one and only Mentoring Registration Document that will allow us to match you to your future mentor, who will guide you throughout this fabulous upcoming week.

But no worries, we, **THE GREAT DRUIDS OF AFFECTION**, are here to support you and guide you throughout your first clash against the romans, by putting inside your pocket a flask of **MAGIC POTION** (our splendid flash cards, especially the ones from thermo if you are lucky).

But how can we do it, by **TOUTATIS**? The question is quickly answered: **THE FORM**. Thanks to the form, the **COM PARRAINAGE** will help you to find the best disciple of Panoramix, the one whose potions will make you stronger. Therefore, fill the incredible form that we have prepared you with care, seriousness, rigor and love.

When **THE FORM** will be filled, send it to us with the help of a carrier pigeon or eventually by post way. If and only if you cannot send your papyrus, with the possibility of the sky falling towards the Earth, we will PERHAPS (but only perhaps) allow you to send it to us by mail, only if your village is besieged by romans or Vikings.

Let's go, **PRODIGIOUS PANORAMIX APPRENTICE!**

-  **1 WHO ARE YOU? (your FIRST NAME)**

 **25 When a little villager makes your heart flutter, what is your reaction?**

-  Romantic, you offer them a menhir
-  Forward, you invite them bohr hunting, but whoopsie daisy they are a vegetarian!
-  Poetic, you serenade them like Panoramix
-  Shy, like Asterix you give little signs to your sweet Kimiokis

 **26 Eliminary and obligatory questions! Everything is about to happen now, LITTLE PRODIGY OF ASTERIX!**

-  You say : moins / moinssssssssss
-  After falling into the magic potion: tu pegues / tu colles
-  Feeling a little hungry? You rush to the bakerix to buy: a pain au chocolat / a chocolatine (pay VERY close attention to your answer)
-  To sign your papyrus, you use: a pencil / a lead pencil / a wooden pencil / a gray pencil
-  Before facing the Romans, you need a hearty breakfast, you put: milk before cereal / cereal before milk
-  After a feast, you are: tarpin good / stuffed good / on point good / very good / dear good

 **27 As the brave Gaul that you are, we know you have a romantic soul. To prove it to us choose the BEST SCIENTIFIC PICKUP LINE:**

-  "Are you a ray to infinity? Because you converge towards the focal point of my heart."
-  "Are you a single electron? Because I strongly desire to form a covalent bond with you."
-  "Are you the element of my set with a cardinality of 1? Because without you, I feel empty."
-  "Are you my contrapositive? Because we have the same truth value."
-  "You can consider any of my infinitesimal displacements, but you'll reach the same conclusion: my displacement vector has only one direction: towards you."
-  "Wouldn't you generate my vector space? Because no matter the scalar, you'll remain my generating base."

 **28** It's **HOROSCOPE TIME!** We consulted **ARNAQUIX**, our most gifted fortune teller, to read your future in the mistletoe leaves. Carefully encircle your zodiac sign:

♈ ARIES ♈	♉ TAURUS ♉	♊ GEMINI ♊	♋ CANCER ♋
<p>Hail the perfect astrological portrait! Your determination makes you the most tenacious sign, and you have the spirit of the indomitable Gauls who resist the invader time and time again. You charge forward like Obelix and possess the cleverness of Asterix, and your charisma rivals that of Abraracoucix. With you, there's no need for magic potion. It's only natural, as Aries are the best :)</p>	<p>Hello, dear perfect astrological kid! Like you, I belong to the Taurix village. Yes, we know all about those hefty portions of wild boar. As for your horoscope, I can assure you that this year will be as incredible as it is unforgettable. And how do I know that? Simply because we, the Taurus folks, are always right :)</p> 	<p>The way to approach the vast and unexplored empire intrigues you. Let me assure you: there's no need to use a mighty menhir to break through its walls, for this empire is eagerly awaiting YOU. So relax, dear little Gemini. The obviousness of your intelligence and your conqueror's confidence will make you shine in every situation, and this unfamiliar land will soon become YOURS!</p>	<p>Sensitive as an alexandrine, intuitive as a Gaul, and faithful like Idefix, you are the reliable friend of the group. Your friends will probably not find you at the Pk every wednesday, as you'd rather stay in your little hut, but when it comes to vacation banquets, wild boar hunts and pirate shipwrecks, you're not the last one!</p>
♌ LEO ♌	♍ VIRGO ♍	♎ LIBRA ♎	♏ SCORPIO ♏
<p>Leos are the most beautiful and the strongest (obviously), probably because we fell into the pot when we were small (but that doesn't take anything away from our robustness). As humble and modest as Getafix, the Romans don't scare us; on the contrary, we face them with courage and perseverance.</p>	<p>Your adventure at the Institut will be an opportunity for you to (re)discover yourself. Your open-mindedness and big heart will make it easy for your new companions to trust you. But beware: it doesn't take much for you to get lost in the trivial details of everyday life, and it can cost you dearly! Just be yourself :)</p>	<p>As tough as Obelix, as smart as Asterix and as wise as Getafix, this is going to be an incredible year for Libras. You'll be bonding with some unforgettable people (probably libras, by the way) and having the best welcome week ever!</p>	<p>Magic potion or not, unlike other signs, you don't need all these tricks to be a real winner. Positive, popular and affectionate, our favorite mystery sign has it all. You sting everyone's hearts with your venomous charisma. In short, scorpio = awesome!</p>
♐ SAGITTARIUS ♐	♑ CAPRICORN ♑	♒ AQUARIUS ♒	♓ PISCES ♓
<p>You are the wise one connected to the real and the imaginary (like, for example, the welcoming week piercing through reality). You bring together all the worlds within you. In short, you're the BEST, and extraordinary things await you. So, take your longship and sail across all the seas to join our village. u iiiiii</p>	<p>This year will be full of encounters... However, be cautious of the Gauls on the other side of the channel; we wouldn't want you to fraternize. You will find your own path by drawing inspiration from the most renowned fighters. Perhaps it will involve Romans... Oh dear, be careful not to succumb to the temptation of betraying your village. We have confidence in you. Good luck in your quest for glory!</p>	<p>Shakira, Jennifer Aniston, Cristiano Ronaldo... What do they have in common, you may ask? They are Aquarius! But who is Aquarius? To put it simply: brave, extraordinary, funny, adorable, amazing, daring, unique. But Aquarius also is many other things that we won't list here to avoid making the other signs jealous of our superiority...</p>	<p>Hello to all the New Pisces, this year is one of the most important for us. Yes, we're as fresh as daisies and we'll stop being eaten in the RU (at least we'll try). Let's show the other signs what sets us apart: dominion over the seas and oceans, which make up 3/4 of the Earth (Flat tuna did declare, beware!) and an absolute serenity since Obelix only chases after wild boars.</p>

AND OF COURSE, THE MOST IMPORTANT MOMENT:

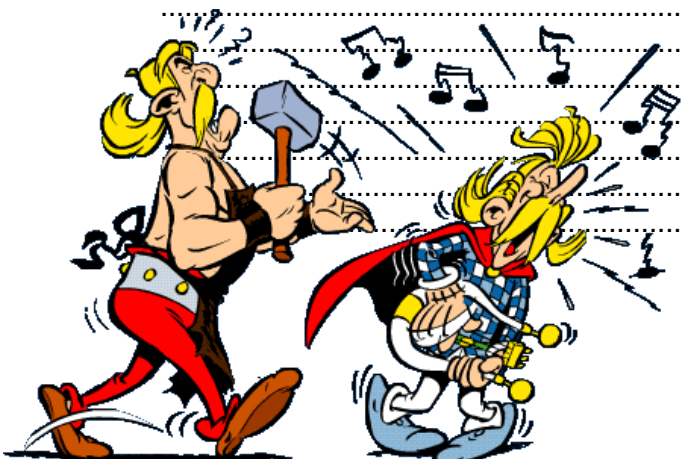

LITTLE PHILOSOPHER IN ACTION, here you are, facing the last stage before being able to pass through the gates of the village. Before you can finally taste your first magic potion, you have to complete **ONE LAST MISSION**. A small offering you will buy, chosen by you it will be, to your magnificent mentor you will offer it. That is when you meet him/her at the most comforting and supportive event of the welcome week, namely **THE MENTORSHIP EVENING**. This **PRESENT** will be original, unique, breathtaking, in short, just like you!

(OTHERWISE, HIS/HER WRATH YOU WILL SUFFER AND HIS/HER PRICELESS SHEETS YOU WILL NOT GET!)

But first you have to reveal your artistic side by writing, in verse or in prose, with all the love (and talent) you can give, a **POEM DESTINED TO YOUR FUTURE MENTOR** that you already love so much!

(BE CAREFUL, YOUR MENTOR WILL REMEMBER THIS MASTERPIECE FOR THE REST OF HIS/HER LIFE!)
